How to Reset Your Password

1. Visit the Saint Paul & Minnesota Foundation’s homepage at spmcf.org.

2. Select DonorView in the top navigation.

3. On the Login page, select Forgot Password.

4. Provide the requested information and select Log In. Depending on your choice of authentication method, you will receive either a phone call or text message with a security code to change your password.
5. Enter the security code you received via text or a phone call.

6. Check the box to **Register this device** so you do not have to complete two-factor authentication in the future. If you do not check this box, you will need to utilize two-factor authentication upon each log in.

7. Select **Login**.

8. Enter your **Username** and **Password** on the login screen and select **Log In**.

If you have any questions or need assistance, please contact the Foundation at 651.224.5463 or at philanthropy@spmcf.org.
