

Access to High Quality Education Varies for East Metro Residents

Accessibility and affordability of high quality early childhood education and preschool options

Percentages of residents who reported access to high quality and affordable childhood education and preschool options:

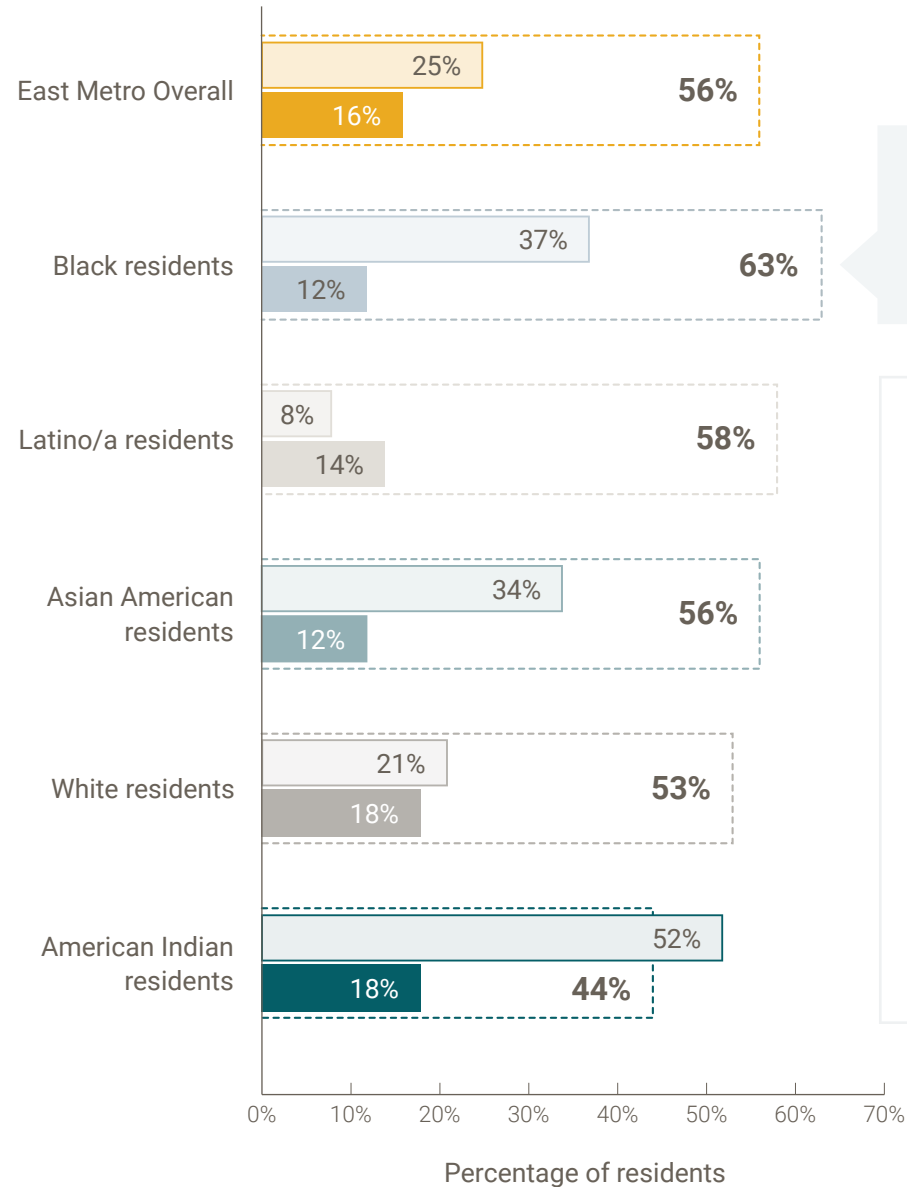

80%
of parents are somewhat or very sure their child will get
POSTSECONDARY EDUCATION

Although Many Residents Are Confident Their Child(ren) Will Get More Education After High School, Few Report Being on Track to Save for It

Black residents are most sure of their child(ren) getting post high school education, but are least likely to report being on track to pay for it.

 Percentage of residents very sure their child(ren) will get more education after high school

 Percentage of residents who have thought about education after high school, but have not been able to save for it due to more urgent financial needs

 Percentage of residents who have saved or will be able to save enough to pay for education after high school
